About Us

Founded in 2019 with a vision to develop, inculcate, and establish a **safety culture** in India's growing industrial sector, Inno Safe International has since anchored itself as a go-to organization to meet all personal as well as industrial safety needs.

Inno Safe International is one of India's leading developers and manufacturers of advanced safety equipment. Entrusted by the sector's leading conglomerates including **Larson & Toubro, TATA, and MEIL**, our **best-in-class** products integrate **rigorous research** with **innovative design** and **cutting-edge technology** to provide **prime safety** to our modern-day workers.

Why Choose Us?

Superior Quality

Only the **best-in-class** products which withstand rigorous scrutiny and quality tests conforming to European and Indian standards get delivered to your doorstep.

Customised Products

All our products are highly customizable and can be **tailor-made** to meet the specific needs of our customers.

Passion to Innovate

Our R&D team is dedicated towards integrating **rigorous research** with innovative design and cutting-edge technology to develop advanced safety products.

Operational Excellence

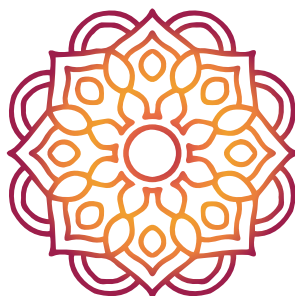

No missed deadlines. No broken promises. No shoddy service. Only **timely delivery** and customer delight!

Why Choose Us?

Customer First

At Innosafe, we are committed to providing **exceptional customer service**. We never turn the cell phone off and it gets answered whenever you call.

Holistic Solutions

We offer a full range of safety equipment and services at highly competitive prices which enables us to be your **one-stop-shop** for all safety needs!
